**NOTICE: Reclaimed water outage to Chelsea Woods and surrounding area due to service line break**

**WINTER SPRINGS, Fla.**--Winter Springs residents in the Chelsea Woods Subdivision and surrounding area are advised of a reclaimed water outage due to a service line break.

On July 9, 2023, City of Winter Springs Utility crews discovered a break in a 10-inch service line near the 700 block of Canadice Lane in the Chelsea Woods subdivision.

City of Winter Springs Utilities crews have since stopped the leak and have begun the necessary repairs.

Reclaimed water customers in the eastern service area of the City should expect intermittent outages of reclaimed water for the next several days while the necessary repairs are made.

During the incident, an undetermined amount of reclaimed water inadvertently made its way into nearby Bear Creek.

The City is working to determine the actual amount of water that was discharged into the creek and an incident report has been filed with the Florida Department of Environmental Protection office notifying them of the spill.

For more information and updates, visit [www.winterspringsfl.org](http://www.winterspringsfl.org) or call Winter Springs Utilities at 407-327-1800 and after-hours service at 407-327-2669.
